6. Now that your files are sent, create your online prescription at: <u>order.pantheradental.com</u>

Important: Use the same *dentalshare* **Case ID** in your Panthera online prescription. This will allow Panthera team to link files in *dentalshare* with your online prescription.

If you have an upper and lower case, please create two separate orders with different Case ID (For example: John Smith Upper and John Smith Lower)
